JinkoSolar closes 2 GW distribution contract for DG with Aldo Solar for 2022

December 2, 2021

MARINGA, Brazil, Dec. 2, 2021 /PRNewswire/ -- JinkoSolar Holding Co., Ltd. (the "Company," or "JinkoSolar") (NYSE: JKS), one of the largest and most innovative solar module manufacturers in the world, today announced that its principal operating subsidiary, Jinko Solar Co., Ltd. and Aldo Solar, which stands out as the largest distributor of solar energy solutions in Brazil with 31% market share, reinforce their partnership for 2022 with the signing of the largest distribution agreement for Distributed Generation ever signed by Jinko Solar Co., Ltd. outside China.

Under the agreement, approximately 4 million photovoltaic modules will be distributed, equivalent to 2 GW of installed power. The contract assures the resellers and installers of solar energy in Brazil the continuity of the commercialization of the Tiger Pro family of panels.

Mr. Kangping Chen, CEO of Jinko Solar Co., Ltd., said that the Brazilian market is indeed one of JinkoSolar's largest DG Market in the world. This 2 GW Agreement for 2022 between Jinko Solar Co., Ltd. and Aldo Solar, one of the biggest distribution contracts ever signed by Jinko Solar Co., Ltd., represents another milestone for the consolidation of the long-term partnership between the two companies, as well as an exceptional growth opportunity for JinkoSolar in Brazil.

"In Aldo Solar we found a loyal partner with the same core values as JinkoSolar and a partner that craves solid relationships like us. We want to thank Aldo Solar for their trust in past and future years and we are sure that the synergy between JinkoSolar and Aldo will lead us to achieving the desired successes", stated Mr. Chen.

Mr. Alberto Cuter, General Manager of JinkoSolar for Italy and Latin America, commented: "the Distributed Generation market is growing impressively in Brazil. In this scenario, further solidifying our partnership with Aldo in 2022 is an important step towards changing the country's energy matrix in favor of solar democracy. We are extremely proud of our position in the Brazilian market and Aldo is part of this achievement. We expect to double the business volume for 2022, mainly in the distributed generation operation. To reach this goal, we will improve our local team by hiring new employees to offer the best services to our partner".

Mr. Aldo Teixeira, founder, and CEO of Aldo Solar, added "after we established a long-term partnership in 2019, this new distribution agreement for 2022 is the proof of the shared values between the two companies, both leaders in their segments. I would like to thank JinkoSolar on behalf of our dealers and installers, as well as the entire Aldo Solar family".

"For 2022, our plan is to grow three digits and reach sales of R$ 6 billion. The partnership with Jinko will be fundamental for us to reach this goal. More than that, through this partnership we hope to spread solar energy even more and offer surprising conditions of clean and cheaper energy to all Brazilians", concluded the CEO.
