

Building Your Trust in Solar

JinkoSolar Delivers over 500,000 Ultra-efficiency Modules to one of the biggest Bifacial Projects in Europe

April 7, 2022

MUNICH, April 7, 2022 /PRNewswire/ -- JinkoSolar Holding Co., Ltd. ("JinkoSolar" or the "Company") (NYSE: JKS), one of the largest and most innovative solar module manufacturers in the world, today announced that it has delivered its bifacial modules to a 204MW Solar Power Plant in Kozani, Western Macedonia (the "Kozani Project"), Greece. The Kozani project consists of 18 project sites adding up to a total of 204MW capacity. JinkoSolar has delivered more than 500,000 bifacial modules to juwi Hellas Renewable Energy Sources S.A. ("juwi Hellas").

The Kozani project, which belongs to Hellenic Petroleum Renewables ("ELPE Res"), was inaugurated on April 6, 2022, and will deliver up to 320 million kilowatt-hours per annum when fully ramped up, supplying electricity to more than 75,000 households. The Kozani project is one of the largest bifacial projects ever built in Europe.

Mr. Frank Niendorf, General Manager of JinkoSolar Europe, commented, "We are delighted that juwi Hellas, one of the leading renewable energy specialists globally, has once again placed their trust in the superior quality and reliable performance of our solar modules for this impressive mega project in Greece. The Kozani project has become Europe's benchmark for renewable energy. It is also one of the largest bifacial projects ever built in Europe, and JinkoSolar is very proud to be a part of such an important milestone for our industry. We would like to thank juwi Hellas, and ELPE Res for their trust in JinkoSolar and we look forward to a long-term strategic partnership with the juwi team."

About JinkoSolar Holding Co., Ltd.
