## JinkoSolar Recognized as Top Performer in PVEL's PV Module Reliability Scorecard for the Ninth Consecutive Year

May 24, 2023

SHANGRAO, China, May 23, 2023 /PRNewswire/ -- JinkoSolar Holding Co., Ltd. (the "Company," or "JinkoSolar") (NYSE: JKS), one of the largest and most innovative solar module manufacturers in the world, today announced that it has been recognized as a Top Performer in the 2023 PV Module Reliability Scorecard published by PV Evolution Labs (PVEL) for the ninth consecutive Year.

PVEL's 9<sup>th</sup> edition of its PV Module Reliability Scorecard features 35 manufacturers and JinkoSolar is one of only two global manufacturers recognized as a Top Performer in every edition since its inception in 2014.

PVEL annually recognizes leading module manufacturers who have excelled in its Product Qualification Program (PQP). In this program, each module is subjected to rigorous testing via PVEL's comprehensive suite of lab and field tests. This year, JinkoSolar's latest n-type TOPCon module received Top Performer status in all 6 PQP test categories, which include Damp Heat, LID+LETID, Mechanical Stress Sequence, PAN Performance, PID, and Thermal Cycling.

"We're incredibly proud that our flagship n-type module has demonstrated outstanding reliability and performance from a leading test lab," said Nigel Cockcroft, General Manager of JinkoSolar (U.S.) Inc. "This outcome is a direct result of our strong commitment to R&D. We remain fully committed to providing the industry and our customers with high-quality, dependable products."

"Congratulations to JinkoSolar for receiving Top Performer status for all nine consecutive Scorecard editions," commented Tristan Erion-Lorico, VP of Sales and Marketing at PVEL. "We are impressed that JinkoSolar's products consistently deliver strong results year after year in PVEL's Product Qualification Program testing, which is evidence of the company's commitment to quality, innovation, and R&D."
