JinkoSolar Supplies 25.8 MW of Solar Modules to First Private Solar Park in India

June 21, 2013

SHANGHAI, June 21, 2013 /PRNewswire/ -- JinkoSolar Holding Co., Ltd. ("JinkoSolar" or the "Company") (NYSE: JKS), a leading global solar PV power product manufacturer, today announced that it has supplied 25.8 MW of high-efficient solar PV modules to the first private solar park in India.

Located in Mandrup Village, Solapur District, Maharashtra State, India, the project was developed by Enrich Energy Pvt Ltd. on a turnkey basis, a pioneer in India focused on developing large scale private solar parks.

"JinkoSolar's high-efficient polycrystalline modules were used in our first private PV solar park as they will help us to minimize the use of land and maximize the amount of reliable, emission-free solar power generated per dollar invested - which is one of our priorities" said Mr. Ankit Kanchal, Enrich Energy Pvt. Ltd's Director - Commercial. "This is the first project of its kind in Maharashtra State developed under the Average Pooled Purchase Cost (APPC) / Open Access Mechanism & Solar Renewable Energy Certificates (REC) Mechanism."

"Enrich Energy is one of our key strategic partners in India and we appreciate their efforts to pioneer the model of turnkey solutions for medium and large-scale solar investors," said Mr. Arturo Herrero, Chief Marketing Officer of JinkoSolar.

"I believe JinkoSolar's industry-leading technology, reliable contractual execution and excellent local service is key to develop this partnership. Besides, the high efficiency and performance of our products is ideal for this project, since our module has been ranked as one of the best modules for outdoor use, which is repeatedly recognized by PHOTON Lab test results. We are honored to have the opportunity to help to meet Enrich Energy's renewable energy goals."

About JinkoSolar

JinkoSolar is a leading solar PV power product manufacturer with production operations in Jiangxi and Zhejiang Provinces in China and sales and marketing offices in Shanghai and Beijing, China; Munich, Germany; Bologna, Italy; Zug, Switzerland; San Francisco, the United States; Queensland, Australia; Ontario, Canada; Singapore ; Tokyo, Japan and Cape Town, South Africa.

JinkoSolar has built a vertically integrated solar product value chain with an integrated annual capacity of approximately 1.2 GW each for silicon ingots and wafers, solar PV cells and solar PV modules as of December 30, 2012. JinkoSolar distributes its photovoltaic products to a diversified customer base in the global PV market, including Germany, Italy, Belgium, Spain, the United States, France, Eastern Europe, China, India, Japan, South Africa and other countries and regions.

About Enrich Energy Pvt Ltd.

Enrich Energy Pvt. Ltd., headquartered at Pune, is an integrated solar energy solutions provider. Enrich Energy focuses on providing turnkey solar energy solutions from concept to commissioning of solar power projects and further operating and maintaining them throughout the life time of the project. The organization offers the entire gamut of efficient and cost effective solar energy solutions starting from solar radiation mapping, land acquisition, infrastructure development, power evacuation, effective supply chain management, project EPC to completing the chain with operations & maintenance services and assistance in sale of power. Enrich Energy is coming up with 350 MW's of more Solar Parks in various states of INDIA.
