JinkoSolar Signs Supply Agreement for 80 MW Modules for Distributed Rooftop Projects with China Southern Power Grid Synthesis Energy

June 2, 2015

SHANGHAI, June 2, 2015 /PRNewswire/ -- JinkoSolar Holding Co., Ltd. ("JinkoSolar" or the "Company") (NYSE: JKS), a global leader in the PV industry, today announced that it has signed an agreement to supply 80 MW photovoltaic ("PV") modules for distributed rooftop projects to China Southern Power Grid Synthesis Energy Co., Ltd. ("CSE").

According to the terms of the agreement, JinkoSolar will supply 80MW solar modules to CSE for a number of distributed rooftop solar projects located in Guangdong and Hainan provinces. JinkoSolar has already delivered the first shipment of PV modules.

CSE is the subsidiary of China Southern Power Grid ("CSG") which focuses on the development of renewable energy and energy saving. CSG is one of the two largest state-owned electric utility companies in China that invests, constructs and operates power networks in Southern region of China. CSG is heavily involved in the development of clean power generation especially solar power and has become one of the leading distributed solar project developers in South China.

"We are delighted to work with CSE, a company that recognizes JinkoSolar for its product quality and market reputation," commented Mr. Xiande Li, Chairman of JinkoSolar. "We are optimistic about the development of distributed solar projects in China with the strong support from National Energy Administration. With the domestic market in transition from ground-mounted to distributed solar projects, we are glad to work with CSE to jointly promote the development of distributed generation and to optimize energy mix in China. "

About JinkoSolar Holding Co., Ltd.

JinkoSolar (NYSE: JKS) is a global leader in the solar industry. JinkoSolar distributes its solar products and sells its solutions and services to a diversified international utility, commercial and residential customer base in China, the United States, Japan, Germany, the United Kingdom, Chile, South Africa, India, Mexico, Brazil, the United Arab Emirates, Italy, Spain, France, Belgium, and other countries and regions. JinkoSolar has built a vertically integrated solar product value chain, with an integrated annual capacity of 3 GW for silicon ingots and wafers, 2.0 GW for solar cells, and 3.5 GW for solar modules, as of March 31, 2015. JinkoSolar also sells electricity in China, and has connected approximately 617 MW of solar power projects to the grid, as of March 31, 2015.

JinkoSolar has over 15,000 employees across its 5 productions facilities in Jiangxi and Zhejiang Provinces, China, Malaysia, Portugal and South Africa, 12 global sales offices in China, Spain, the United Kingdom, the United Arab Emirates, Jordan, Saudi Arabia, Egypt, Morocco, Ghana, Brazil, Costa Rica and Mexico and 11 oversea subsidiaries in Germany, Italy, Switzerland, the United States, Canada, Australia, Singapore, Japan, India, South Africa and Chile.
