JinkoSolar Supplies 122MW of Solar Modules for a PV Project in Chile

May 25, 2016

SHANGHAI, May 25, 2016 /PRNewswire/ -- JinkoSolar Holding Co., Ltd. ("JinkoSolar"), a global leader in the photovoltaic (PV) industry, today announced that it has supplied 122 MW to Pattern Energy Group LP ("Pattern Development"), for its Conejo solar project in Chile. Pattern Development, a US-based independent power producer, will also be the owner of this project.

Located in the municipality of Taltal, in the Antofagasta region of northern Chile, the Conejo project is one of the largest solar power projects in Chile. The project has signed a 22-year power purchase agreement with Minera Los Pelambres, an affiliate of Antofagasta Minerals, and will be connected to the Sistema Interconectado Central transmission system. The project is expected to be completed in the second half of 2016 and will cover approximately 65% of Los Pelambres' electricity demand.

"Our relationship with Pattern Development further strengthens our leading position in this important emerging market," Mr. Gener Miao, Vice President Global Sales and Marketing of JinkoSolar commented. "It is another demonstration of our world-class capabilities and service to our international customers. We look forward to leveraging our expertise and working with more solar project industry leaders in the future."
