JinkoSolar Supplies 275.4 MWdc of Solar Modules to Green Light Contractors in South Australia

June 20, 2018

SHANGHAI, June 20, 2018 /PRNewswire/ -- JinkoSolar Holding Co., Ltd. ("JinkoSolar" or the "Company") (NYSE: JKS), a global leader in the solar PV industry, today announced that it has supplied 275.4 MWdc of high efficiency modules to Green Light Contractors Pty Ltd for use in the Bungala Solar Farm near Port Augusta, South Australia, which is owned by a joint venture between Enel Green Power and Dutch Infrastructure Fund.

Green Light Contractors, a subsidiary of Elecnor Group is EPC contractor for the the Bungala project, which recently completed and started production at its first 137.7 MWdc phase. The Bungala project is the largest solar PV project under construction in Australia.

"Bungala Solar Farm is nowadays a reference in the Australian solar scene. Green Light Contractors is really proud of being entrusted with the engineering, procurement and construction of this important milestone for the renewable energies in South Australia" said Pedro Fernandez, Green Light Contractors Projects Responsible for Australia. "Working closely with JinkoSolar in the supply of PV modules is for sure one of the keys of the good results that this Project may achieve."

"We are pleased to work with Green Light Contractors on this remarkable project in South Australia," commented Mr. Gener Miao, Vice President Global Sales and Marketing of JinkoSolar. "The Australian market is growing rapidly. We are working closely with local developers to build sustainable partnerships where they will be able to maximize their return on their investment from the superior performance of JinkoSolar's products."
