Form 20-F for the Year Ended December 31, 2021

Item 3. Key Information, page 5

1. Please revise future filings to disclose that trading in your securities may be prohibited under the Holding Foreign Companies Accountable Act if the PCAOB determines that it cannot inspect or investigate completely your auditor, and that as a result an exchange may determine to delist your securities. Please also revise future filing to disclose whether your auditor is subject to the determinations announced by the PCAOB on December 16, 2021.

2. At the onset of Item 3, please revise future filings to provide a clearer description of how cash is transferred through your organization. Quantify any cash flows and transfers of other assets by type that have occurred between the holding company and its subsidiaries,

and direction of transfer. Quantify any dividends or distributions that a subsidiary has made to the holding company and which entity made such transfer, and their tax consequences. Similarly quantify dividends or distributions made to U.S. investors, the source, and their tax consequences. Your future disclosures should make clear if no transfers, dividends, or distributions have been made to date.

Part I , page 5

3. At the onset of Part I, please revise future filings to prominently disclose the following:

whether your auditor is subject to the determinations announced by

the PCAOB on December 16, 2021;
whether and how the Holding Foreign Companies Accountable Act, the
Accelerating Holding Foreign Companies Accountable Act, and related regulations
will affect your company, including the time frame change in PCAOB inspections to
two consecutive years instead of three years;
whether you have been or expect to be identified by the Commission
under the HFCAA; and
provide a cross-reference to more detailed disclosures in your
risk factors, including
the heading of the risk factor.

4. At the onset of Part I, please revise future filings to prominently
disclose that you are not a Chinese operating company but a Cayman Islands holding company with
operations

conducted by your subsidiaries based in China. Provide a
cross-reference to your detailed
discussion of risks facing the company as a result of this structure.

5. At the onset of Part I, please revise future filings to provide
prominent disclosure about
the legal and operational risks associated with being based in or
having the majority of the company's operations in China. Your disclosure should make clear
whether these risks
could result in a material change in your operations and/or the value
of your securities or
could significantly limit or completely hinder your ability to offer
or continue to offer
securities to investors and cause the value of such securities to
significantly decline or be
worthless. Your disclosure should address how recent statements and
regulatory actions

by China's government, such as those related to data security or
anti-monopoly concerns,
have or may impact the company's ability to conduct its business,
accept foreign

investments, or list on a U.S. or other foreign exchange.
6. At the onset of Part I, please revise future filings to clearly disclose
how you will refer to
the holding company and subsidiaries when providing the disclosure
throughout the
document so that it is clear to investors which entity the disclosure is
referencing and
which subsidiaries or entities are conducting the business operations.

Refrain from using
terms such as we or our when describing activities. For
example, disclose, if true, that
